## Scholarships

The Community Foundation of St. Clair County administers a variety of scholarship funds. Scholarship funds can be a tribute, a testament or a torch that inspires. Scholarships can memorialize loved ones, recognize achievements, or provide hope for the future. Our scholarship donors are as varied as the 35 awards they represent, but they all have one thing in common: they believe every student should have the opportunity to achieve their educational dreams.

All scholarships require attaching additional documents, including most recent transcript (high school, college or both), test scores and letters of recommendation.

You will receive email communications at various points in the application process. Therefore, it is important you check your email regularly. We may request additional information or corrected documents, and if we do not receive these things by the scholarship deadline, your application will be considered incomplete and not eligible for award consideration.

This online scholarship portal is officially open for our annual "traditional" scholarship cycle from January through mid-March of each year. If you need application assistance during that timeframe or have questions outside of that timeframe on any of our scholarship programs, please contact Program Coordinator Lindsay Shecker at 810-984-4761.

The 2021 deadline for submission of scholarship applications and accompanying required documents is March 14.

**If you've already answered the pre-qualifying questions on the next page for the upcoming 2021-22 academic year and started an application, do not answer the pre-qualifying questions again. Instead, log in to your account using the login link in the upper right corner and resume your application.**

### Available Scholarships

Based upon your responses to the previous pre-qualifying questions, below is a list of all currently available scholarships you are eligible for through our Foundation. By clicking the + button, you can see the scholarship details and basic qualification criteria.

This online scholarship portal uses one common application for all scholarships. To continue with the application process, please check the box next to each scholarship in which you are interested, and then click the submit button below. We recommend you select all of these boxes now as it is most efficient to do so. Once you proceed to the application, you will be unable to return to this Available Scholarships screen without having to answer all pre-qualifying questions again and start the application process over.

## Your Application History

Below is a list of scholarship applications you have started and/or submitted to the Foundation, outlining the application date and current status of each application. Please note that a separate application is listed for each scholarship program you applied for, even though you completed one common application.

Applications listed with an "In Process" status indicate there is more work to be done on your part, so please return to those applications to complete remaining questions and/or upload any remaining mandatory required documents. Applications still in process as of the scholarship application deadline will be deemed incomplete and not be eligible for award consideration. You can return to the applications by clicking the application ID at the left or returning to your student dashboard and clicking on the "resume an application" link.

**SAT/ACT Notice:** if you were unable to take the SAT/ACT due to the coronavirus pandemic you may write a short letter explaining why (test dates cancelled, etc.) and upload that under the test scores required document. However, if a college you applied to had you take a Accuplacer test, please upload those scores.

Applications with an "Entered" status signify you have submitted a completed application with mandatory required documents, and these documents are awaiting an initial review by Foundation staff to ensure they are in order. Applications that were properly filled out will then be marked "Received".

In the interim, if you did not preview your submitted application and the required documents prior to submission, you can still review the submitted documents by clicking on the "Details" link under Actions, where a "Generate Packet" button will be available at the bottom of the screen. As changes cannot be made to submitted documents through this portal, should you identify issues with these documents please contact our Program Coordinator, Lindsay Sheckler, at 810-984-4761.

Once committee decisions have been made, you will receive further email notifications of those decisions and the application status will be updated accordingly.

In Process- You have started an application

Entered- You have submitted your application. There is only one "master" application to complete and it will be applied to each scholarship you selected. Once you hit submit it should show Entered next to each one.

Received- staff has reviewed your application to make sure everything is complete and officially accepted it. If any documents are missing or incomplete staff will email you with their concerns for you to correct before officially accepting.
